REASONS FOR ALLOWANCE

1. Claims 1-15, 17, and 19 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Newly found prior art, US Patent # 6,219,341 to Varanasi, discloses an adaptive multiple access system that combine properties of CDMA, FDMA and TDMA for dynamically assigning waveforms for each subchannel to maximize channel utilization based upon performance characteristics of the network. However, Varanasi does not explicitly disclose a plurality of frequency agile/bonded and code agile/bonded modulators and demodulators that can be selectively tuned to separate code channels within selected FDMA sub-channels, as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
